"Contributors Identified"

DATA CARD

BIG CITY Baby Boomers (Formerly Metro Area Donors)

These direct mail respondents were born between 1946 and 1964 (inclusive) and have given donations to social cause organizations or political campaigns in the last 18 months.

The following metro areas are represented:

Atlanta, New York, Boston, Philadelphia, Chicago, Phoenix, Dallas/Fort Worth, San Francisco, Houston, San Diego, Los Angeles, Seattle, Miami and Washington, DC. *(Other metropolitan areas are available upon request)*

This list is effective for soliciting donations for both local and national organizations. It can be used as a fund-raising vehicle for hospitals, for organizations aiding the blind, the homeless and the disabled, and for appeals to cure diseases such as cancer, heart disease, diabetes, and Alzheimer's Disease.

The list is also productive for cultural and educational fund-raising, public TV, museums, historic projects, theatre, and universities.

Metro areas are based on Metropolitan Statistical Areas. Each area has a designated "principal city" or core area containing a substantial population nucleus, together with adjacent communities having a high degree of economic and social integration with that core. Definition source: The Census Bureau.
